

# Passepartout55 Sopratavolo

ACCNPPT.01185

Sospensione sopratavolo is a twin light emission luminaire for interiors with twin switching and dimming. Also available with built-in Casambi dimming for managing light from mobile devices. The central disc made of steel polished to a mirror finish combines with a large ring available with six finishes: polished gold, polished chrome, matt gold, matt silver, matt black and matt white. The luminaire's high colour rendering index (CRI) guarantees respect for colour perception and the combination of the two sources makes the light balanced.

## Characteristics

Material	Steel, Aluminium
Finish	Black RAL 9005
