

MINI POTENCE PIVOTANTE

Charlotte Perriand

Charlotte Perriand was inspired by the boom of sailboats when in 1938 she conceived Potence Pivotante. Designed as a highly accessible swivel lamp, realized using two black tubular sections assembled in the shape of an inverted 'L' to lead the electrical wire from the switch to the bulb. The steel arm fixed to the wall rotates on the horizontal axis, describing an angle of almost 180°.

MINI POTENCE PIVOTANTE

LAMPING

Source	G9
Total power	4W
Emission	diffused
Switching	switch on cable
Tension	230V
Color temperature led	2700K
Luminous flux led	400lm
Typ CRI	80
Ip class	20
Dimensions	50x100
Materials	steel + aluminium
Notes	cable length 2,5m, orientable, cover for direct wall electrical installation (no plug), LED dimmable bulb included, dimmable (only with direct wall electrical installation), max power allowed: 25W G9 HALO bulb, also available in 120V, black RAL 9005, red RAL 3004, grey RAL7046 Wall electrical installation cover, black, red, grey
Accessories	
Net lamp weight	1 kg
