

Tartan, suspension design Ludovica+Roberto Palomba 2015

FOSCARINI

Tartan is the unmistakable design characteristic of Scottish woollen kilts with its perpendicular criss cross pattern generating ever changing geometric motifs. The Tartan suspension lamp has a blown glass diffuser made using the technique of mouth blowing into a mould with a design engraved in it, enriching it with lines and folds echoing the weave of Scottish cloth and a graphic play of light and shadow. The acid etching technique used on the surface of the glass also produces a sensation of material softness which brings fabric to mind. Materially

rich with an attractive personality, Tartan diffuses a warm, suffused light into the environment filtered with mattglass and also ensures good direct lighting in a downwards direction.
